

## **SNN Builders bags 2 Prestigious BERG's 'Icons of Spaces' Awards**

**JULY 22, 2016**

*SNN Builders bags Builder & Developer Awards in the Best Clubhouse in Residential Project and Best Luxury Residential Project of the Year categories*

**SINGAPORE**, – SNN Builders has been conferred BERG's Icons of Spaces Awards Singapore in two categories — the Best Clubhouse in Residential and Best Luxury Residential projects at the recently held Real Estate Awards conclave at Singapore.

The Gala Awards Nite by BERG Singapore provided an ideal platform for developers, architects, interior designers to come together and offer critical insights from a different perspective.

SNN Raj Serenity was awarded the Best Clubhouse in Residential Award. Located on the 7th and 8th floor of the Multi-Level Car Parking, the Clubhouse has everything to offer for the after-office hours indulgence to keep one fit and healthy. There's a swanky reception with a massive passage facing a cascading Swimming Pool. The entire 7th floor is dedicated to a huge Gymnasium, Yoga and Aerobics, Fully loaded Spa for Ladies and Gents, with Massage Rooms, Steam, Sauna and Jacuzzi. This floor also hosts other facilities like Billiards, Card Room, TT and Video Games for Children and a Reading Lounge with Library.

In the Luxury Residential category – South India, SNN Raj Eternia's project set on 15 acres and nestled within 40+ acres bagged the Award. It has 100,000 square feet of Central Park with waterfall and a unique cascading swimming pool with 5 zones.

*The 3<sup>rd</sup> edition of BERG Real Estate Awards dwelt on the challenges on 'Urban Solutions & Sustainable Development' and honored developers, architects, interior designers and other service providers in the real estate/ property sector across India, SE Asia & Middle East.*

The Gala Awards Night also featured a power-packed panel discussion around Urbanisation & Sustainability in Construction and the keynote speech from the nodal building and

construction players in Singapore. Some well-known industry stalwarts from Singapore and other countries shared their views. Eminent panelists - Ms. Hemanti Sutaria – Architect – Mumbai, Ms. Uma Srinivasan – Vice President, SNN Builders, Bangalore, Mr. Gordon Falconer, and Director - Smart City Solutions, Schneider Electric and Mr. Bibhor Srivastava – Publisher, ITP Publishing, India dwelt on the challenges around Urbanisation and Sustainability in the construction industry.

While announcing the theme for the third edition of the premier event, Managing Partner of BERG, Mr Vishwesh Iyer said that this year the focus was on the booming international real estate sector. This time, the nomination process attracted a lot of interest from India and other countries in Asia as well, he stated.

“Icons of Spaces provided a unique platform for not just recognising the great work, but also knowledge sharing and business networking opportunities. Based on a selection process that encompasses integrity, transparency, consistency and fairness, the aim is to provide global benchmark and recognition,” Mr. Iyer added.

The BERG Real Estate Awards were introduced by Singapore-based organisation Business Excellence & Research Group Pte Ltd in 2014. The Awards, now called the ICONS OF SPACES, Trans the spotlight on the high calibre work within the real estate industry, encompassing construction, architecture and interior design. With a professionally run evaluation system, they also bring the real estate industry of the participating countries to the world stage.

## **ABOUT BERG**
